- ◆ All practices will be evaluated and ranked according to soil loss and needs.
- ◆ Letters will be mailed notifying all landowners of site eligibility.
- ◆ The Landowner is responsible for notifying the office when crops are harvested and field is ready for layout.
- ◆ Ground is NOT to be worked prior to practice layout.
- ◆ A preconstruction conference must be held with the Landowner and Contractor on all practices.
- ◆ Construction will NOT begin until contract has been approved by the board.
- ◆ Flags shall NOT be destroyed or removed prior to construction. If needed, re-staking will be completed at the technician's opportunity, following additional layout requests.
- ◆ The practice must be maintained for the required life span. Failure to do so may result in repayment of cost-share funding.
